

ABOUT US

SBH Health System is a community-based and patient-centered healthcare system dedicated to serving individuals and families in the Bronx, New York. Our expanding healthcare network provides high-quality inpatient, outpatient, and emergency medical, mental health and dental services throughout the borough.

The Pharmacy Department provides comprehensive, safe and effective pharmaceutical care to patients of all ages in the SBH Health System.

Our pharmacy residents will learn to provide care to a diverse group of patients, ranging from geriatric patients to neonates. While direct guidance and supervision are provided by the preceptors, residents will be given the autonomy to develop their own clinical skills.

SBH Health System will be participating in the Resident Matching Program and The Pharmacy Online Residency Centralized Application Service (PhORCAS™).

SBH PHARMACY PRACTICE

In addition to being licensed in New York, the resident must undergo a 5-week training on SBH pharmacy operations before independent staffing responsibilities.

Our pharmacy department houses innovative technologies such as robotic IV Automation (RIVA), Radio-Frequency Identification (RFID) automated code tray dispensing, and much more.

APPLICATION

CANDIDATES MUST:

1) Possess a Doctor of Pharmacy degree from an ACPE accredited college of pharmacy

&

2) Eligible for New York licensure

or

Be able to reciprocate a current good-standing and active registered pharmacist license from another state.

Residents must be licensed to practice pharmacy in New York within 90 days of the start of the residency program

Applicants are required to submit the following documents:

- Curriculum vitae
- Official transcript
- Three letters of recommendation
- Letter of intent

Submit all documents through PhORCAS™ by February 1st, 2019
